Innovation never stops at Fondarex.

We are proud to share the latest video of our FX VAC Model 4 and FX VAC Model 12 – the new generation of vacuum technology that is already achieving strong success in the market.

The FX VAC product range is the natural evolution of the renowned Fondarex product lines. Built on proven strengths, it goes even further with enhanced modularity, improved user-friendliness, increased reliability, and optimized competitiveness for our customers.

A new step forward in vacuum solutions for die casting.
