

FONDAREX EXPANDS PRESENCE IN CHINA WITH NEW PLANT

After 30 years of building a reputable customer network in China, Fondarex SA is excited to inaugurate:

FONDAREX (WUXI) MACHINERY CO., LTD. in Wuxi City, Jiangsu Province, China

We are also pleased to announce that the production plant, technical and commercial teams will be lead by our new General Manager, Mr. Markus Winter. Mr. Winter is Swiss and has spent most of his professional career in China working for various prestigious companies and clients. The team is at your full disposal to support your local high pressure die casting vacuum technology needs. The goal of our expansion in the Chinese market is to increase Fondarex's presence and reactivity to provide the best technical service to our Customers. Fondarex (Wuxi) Machinery Co., Ltd. will build the new HIGHVAC CN 800. A unique vacuum unit for the local market demands with the quality requirements of our headquarter in Switzerland. Based on the famous HIGHVAC series of Fondarex, a unit sold worldwide in the thousands and has become the standard for the HPDC industry, the new HIGHVAC CN 800 has been reengineered and updated with the latest

available technology specific for the Chinese market. The new production site will soon be ready to deliver the new HIGHVAC CN 800 with short delivery times and through our new warehouse located in Wuxi, we will be able to deliver spare parts all around China. Fondarex (Wuxi) Machinery Co., Ltd. is hiring talents to complete the existing team so please contact our team per the below with your resume and motivations if you are looking for a new challenge. We would like to thank all our Customers in China for your trust in our technology. Our team is motivated and aims to be your trusted partner for vacuum technology in die casting in China for years to come.

Letter of the CEO
Dominik Baumgartner
